Success Skills

Help students develop communication and personal strategies to achieve success!

Helps grade 8-10 students to develop communication and personal strategies to achieve career and lifelong learning success. The program also helps students understand how the skills they develop in school and in everyday life relate to the skills required to be successful in the workplace.

Volunteer-Led Programs

- JA volunteer(s) facilitate the program activities adding their industry knowledge and perspective to the lessons
- Programs are offered in-class, virtually or live as permitted
- Teacher manages access and supervises students during the program
- Timing and duration of program is flexible

Teacher-Led Programs

- Teachers can facilitate the program activities and lessons directly with their students or monitor their students while they work independently
- JA will provide support and access to the program resources
- Teachers can lead the program at their own pace
- Programs usually take 2-6 hours to complete

Key Learning Objectives

After completing the program, students will be prepared to:

- Identify and explain the need for specific work skills
- Examine and critique written communication for suitability to audience
- Develop group communication strategies
- Demonstrate collaborative communication methods
- Use critical and creative thinking to define and solve a problem
- Clearly articulate top personal strengths

This JA program can assist educators and students in achieving curriculum objectives.

I enjoyed learning life skills that will benefit me for my entire career.
