VISION TO HELP TEACH YOUNG PEOPLE

Junior Achievement (JA) started with a vision to help teach young people about business and free enterprise. That was back in 1919, before JA became a global leader in educating youth about financial literacy, work readiness, and entrepreneurship.

Now in over 121 countries, JA brings volunteers together with over 10.2 million of our future leaders.

We believe in the boundless potential of young people and share their passion for excellence, respect their talents and creativity, celebrate their honesty and integrity, and create opportunities for hands-on learning.

Junior Achievement is the link between education and the business world, giving youth the confidence and knowledge that they need to define personal success, enhance their workforce readiness, and pursue their dreams and aspirations.

How we do it

JA PROGRAMS ARE DELIVERED BY DEDICATED VOLUNTEERS

JA Volunteers bring their professional experiences into the classroom to help students connect program concepts with real-life situations. They use a mix of hands-on activities, discussions, and digital learning to engage students and ensure they retain and use what they learn. With their help, students gain the knowledge and confidence they need to define their personal success and go after their dreams.

A volunteer's time commitment to deliver one of our programs is one half day or two, two hour sessions in the classroom. All training and program materials are provided.

JA's impact happens in three stages: transforming, delivering, and achieving. First, JA provides a transformational event that alters students' ambitions and encourages them to do more with their lives. Then, JA gives students the skills and confidence they need to achieve great things. Finally, students use those skills to reach their highest potential.

JA Volunteers are Inspiring

They come from a variety of backgrounds and share one common goal: to educate students and inspire them to achieve their highest potential. Our volunteers come from the business community, either individually or through their organizations and generously donate their time to help prepare Canadian youth for the future.

Our volunteers' goal is to educate students and inspire them to achieve their highest potential

Why Volunteer with JA?

In addition to positively impacting and inspiring young people, volunteering with JA is a professional development opportunity where your leadership, mentorship and public speaking skills are utilized. JA provides the program materials, training, and support to make your experience fun, meaningful and easy to deliver.

Our volunteers constantly tell us that teaching JA programs is an incredibly rewarding experience.

In The Classroom with JA Volunteers

Volunteers go into hundreds of classrooms every year to deliver JA programs and support the future of Manitoba youth. We have both independent volunteers and corporate teams who donate their time and expertise. With so many classrooms to fill and a growing demand, we couldn't be more thankful for our volunteers. *Thanks to you, we're improving the lives of these youth and making a dramatic impact on future sustainability.*

How to Register to Volunteer with JA

Please contact your region's Program Manager or complete form attached and return to:

Winnipeg:	Shauna Angers	sangers@jamanitoba.org
Northern:	Michelle Pruder	mpruder@jamanitoba.org
Rural:	Joy Lorette	jlorette@jamanitoba.org
French:	Joel Martine	jmartine@cdem.com
Company Program:	Jeanette Bergmann	jbergmann@jamanitoba.org

Please indicate your program interest:

Our Community (Grades 2-4)

Our Community – Need, Job, Tools, gives elementary school students the building blocks for a successful career – found right at home. This program will show students how businesses shape our lives and strengthen society.

More Than Money (Grades 3-4)

More than Money allows students to understand how money management improves their lives, and how their financial choices impact others. They'll gain confidence to apply this knowledge to their lives, enabling them to grow up make smart financial choices.

Our Business World (Grades 5-6)

Our Business World gets students exploring how businesses are created and what factors help them thrive. Students learn about business needs and functions, and innovation with a focus on the power of the entrepreneurial spirit in Canada.

Stronger Together: Diversity in Action (Grades 6-8)

Diversity in Action (Stronger Together) teaches students the value of diversity and how it improves morale, creativity, teamwork and productivity. Students understand how inclusivity can solve real world challenges while welcoming perspectives different from their own.

Dollars with Sense (Grades 7-9)

Dollars with Sense encourages students to develop the financial literacy necessary to make informed decisions about their financial future. Students learn about budgeting, money management and investments.

Economics for Success (Grades 8-10)

Economics for Success encourages students to reflect on the advantages of remaining in school by understanding the financial constraints of independence, the importance of career planning and goal setting.

Company Program (After School) (Grades 9 -12)

This after school program is 20 weeks in duration, one evening per week November to April. During JA's After School Company Program students learn how to organize and operate a real business, launch and run a small enterprise, and learn the real-world skills and experience that they need to achieve their dreams of becoming entrepreneurs.
