CAREER EXPLORATION CENTRE

Work Readiness

Grades 8-12

Student resources about career pathways and opportunities in various career sectors.

The Career Exploration Centre is an open-access virtual platform designed for self-exploration. With a variety of learning resources, the centre is designed to help students aged 13-18 learn about trends and emerging career opportunities so they can be better informed and prepared to make decisions about their future career choices.

Access the Career Exploration Centre at
javirtualcentre.org

Learning Experience Highlights of the Career Exploration Centre

- Explore career, educational and training pathways
- Learn more about transferable skills
- Access helpful resources such as videos, virtual tours, digital assets and quizzes
- Gain insights on apprenticeships, bursary programs and types of certifications

In the virtual centre, you can explore:

- Interactive platform
- Exhibit hall with virtual booths to learn about career sectors: technology, energy and trades
- Guide for educators
- Access to additional JA resources

Connections with World of Choices Events

- The Career Exploration Site complements the learnings from a World of Choices event for those who would like to further explore pathways
- Learning resources from World of Choices events, such as the self-assessment quiz are available on the site
- To learn more about World of Choices or other JA opportunities, please reach out to your local JA office

Contact your local JA office to register and learn about opportunities in your community.

Visit jacanada.org to learn about national JA program options for student in grades 3-12.

Register for an online program or access the JA bite-sized learning experiences at jacampus.org.
