CURIOUS ABOUT CURRENCY

Financial Literacy

Bite-Sized Learning (30 minutes or less)

Grades 7-9

Students dive into the world of currency! They'll explore what currency is and why it's important. Other insights include learning about exchanging currency and how to manage money when using different currencies.

Interactive Learning Modules for Youth:

- Each learning module can be completed in 30 minutes or less
- Free and open-access learning (no login required)
- These modules can be accessed directly or can complement the JA Dollars with Sense program

**Access these modules at
